

## The Haunting of Harry Laurel Reviews

Having read Margaret Ford's other novels, I found this one a bit of a shock, despite the warning at the start of it. It's unlike any ghost story I've ever read before. It is very funny but I still can't make my mind up if it's a wicked good read or should be banned.

The Haunting of Harry Laurel is a very dark comedy indeed, though comedic it certainly is. I laughed a great deal reading it. This novel is an excellent fusion of horror and comedy, and will delight any fans of those genres with its mix of ironic wit and morbid belly laughs.
